

1999 Jeep® Cherokee

**LEGENDARY LINEAGE.** When Jeep® Liberty entered the compact SUV landscape in 2001, another Jeep brand legend was born. Today, Liberty still claims the role of modern-day hero. With its classic profile and road presence, Liberty capitalizes on the “Go Anywhere” Jeep brand attitude: decisively tough, incredibly refined, and utterly capable. Liberty epitomizes a strength of purpose that’s designed to take every hard-core adventurer up, over, and beyond, arriving at destinations that other less accomplished pretenders only dream of reaching.

**WARRANTIES.** 2011 Chrysler, Jeep®, Dodge and Ram vehicles are backed by a 5-year or 100,000-kilometre\* fully transferable Powertrain Warranty with \$0 deductible plus 24-hour roadside assistance.† Basic Warranty coverage is for 3 years or 60,000 kilometres.\* Rust-through coverage on all body sheet metal is for 3 years. The Cummins® Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres.\* Hybrid components (if equipped) are covered for 8 years or 160,000 kilometres.\*

\*Whichever comes first. †Some conditions may apply. The 5/100 Warranty does not apply to vehicles sold for certain commercial uses or to SRT including Viper models. See your retailer for details

**CHRYSLER SERVICE CONTRACTS.** Your Jeep vehicle is one of the most capable vehicles on the road. Why not protect your investment with a Chrysler Service Contract or Maintenance Plan? For more information, see your local Chrysler, Jeep, Dodge, Ram Retailer, call 1-800-361-3700 or visit [www.chryslercanada.ca](http://www.chryslercanada.ca)

**GEAR UP.** Explore our line of authentic wearables and gifts for the Jeep enthusiast. All items are as rugged and durable as your Jeep vehicle. [jeepgoods.ca](http://jeepgoods.ca)

†) Always use seat belts. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. †) No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. †) Subject to availability. Phone must support Bluetooth Phone Book Access Profile (PBAP). †) Required SIRIUS Radio subscriptions governed by SIRIUS Terms and Conditions available at [siriuscanada.ca](http://siriuscanada.ca). †) Always check entire surroundings before backing up. †) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. †) When properly equipped. †) Subject to availability.

L I B E R T Y

Light Sandstone Metallic

The enduring standard for peak off-road capability. Jeep® Liberty remains true to its Trail Rated® roots, fortified with time-tested components that give you the freedom to Go Anywhere, Do Anything.™ Whether you ride into territories unknown, plunge through a rushing river, or head out onto roads buried in fresh snow, Liberty's Trail Rated mission of capability holds true for all who take the wheel.

**ARTICULATION**  
The ability to keep tires in contact with the road, providing traction to climb over large obstacles.

**GROUND CLEARANCE**  
The ability to drive over large obstacles or logs in combination with approach/departure/breakover angles.

**MANOEUVRABILITY**  
The ability to navigate around obstacles that are tightly situated.

**TRACTION**  
The ability to transfer power to the road or trail, along with the ability of the suspension to keep the wheels in contact with the terrain.

**WATER FORDING**  
The ability to cross a specific depth of water at a specific speed.  
Do not attempt water fording unless depth is known to be less than 500 mm (20 inches). Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas.

**TWO JEEP TRAIL RATED FOUR-WHEEL-DRIVE SYSTEMS.** Command-Trac II™ and Selec-Trac™ II offer nimble, confidence-inspiring handling and off-road capability that is perfect for the independent adventurer. Selec-Trac II is exclusively available on the Jeep Liberty. When in 4WD AUTO mode, the always-active 4WD transfer case provides continuous, optimum traction that assists in conquering rocks, snow, ice, mud and anything in between. Under the right conditions, the vehicle can be driven by just one wheel. For added capability when traversing steep grades, rough terrain, or extremely poor traction surfaces, the transfer case includes a 4WD Low (4LO) mode. Electronic shifting between 4WD Auto and 4LO is accomplished via a console-mounted switch. For economy-minded travellers, Selec-Trac II delivers a unique two-wheel-drive mode, an efficiently strong feature that perfectly pairs with dry pavement.

## Liberty's got your front, side, and back.

**AIR BAG SYSTEM.** Liberty's standard air bag system includes side-curtain and advanced multistage driver and front-passenger air bags<sup>(1)</sup> with an Occupant Classification System (OCS) for added security. The standard supplemental side-curtain air bags<sup>(1)</sup> include roll-sensing technology for the added safety of outboard occupants.

**ELECTRONIC STABILITY CONTROL (ESC)<sup>(2)</sup>** This automatic sensing network detects and provides instant aid when needed. It integrates a four-wheel Antilock Brake System (ABS), All-Speed Traction Control, Brake Assist, and Electronic Roll Mitigation (ERM) that reacts to sharp steering and wheel lift for further vehicle balance and control.

**PARK-SENSE® REAR PARK ASSIST SYSTEM<sup>(3)</sup>** Shift into Reverse and back out with safe assurance. This system helps bring previously hidden rear objects to your attention with an audible and visual warning (available).

**FRONT-SEAT ACTIVE HEAD RESTRAINTS<sup>(4)</sup>** A standard safety feature that can help stave off neck injuries. Restraints automatically react and deploy to help provide protection during rear-impact collisions.

**TIRE PRESSURE WARNING LAMP** is standard and a Tire Pressure Monitoring Display is available. This system provides notification of high or low pressure on individual tires via an instrument panel readout.

**REMOTE KEYLESS/ILLUMINATED ENTRY.** There's no more need to fumble with packages or search for the right key on your key ring. Simply press a button on your key fob to simultaneously light entryways and gain access to your vehicle.

**SENTRY KEY<sup>(5)</sup>** A unique embedded key code matched only to your vehicle helps keep your Liberty securely where it belongs.

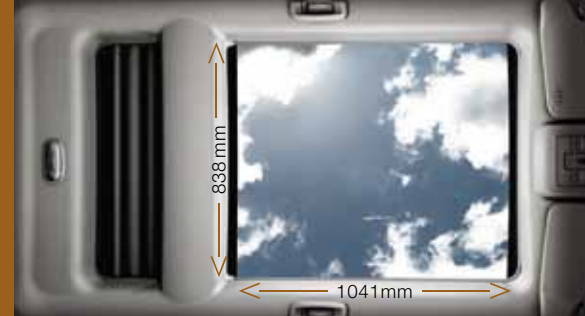

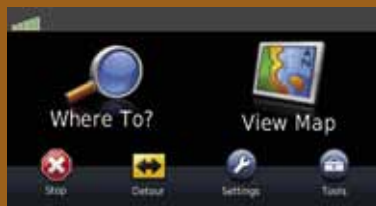

**TRAILER SWAY CONTROL (TSC)<sup>(6)</sup>** is available to help manage the tow load behind you. It works in tandem with Liberty's Electronic Stability Control (ESC)<sup>(2)</sup> to help improve handling during adverse conditions caused by high crosswinds or traffic. When the system's sensors detect an unsafe towing situation, brake pressure is applied on alternating sides to slow the vehicle and counteract the sway induced by the trailer, regaining vehicle stability.

**GARMIN® NAVIGATION.** The multifunctional Media Centre 430N CD/DVD/Hard Drive radio includes Garmin, one of the most recognized names in GPS wayfinding. It features Garmin's intuitive interface and navigation with lane guidance, bringing the popular handheld experience to a factory in-dash screen. This Media Centre includes a 6.5-inch touch screen with options for music, audio and personalized picture display, auxiliary input jack for playing music through speakers, album artwork, SIRIUS® Satellite Radio,<sup>(4)</sup> and a 30GB hard drive for storing up to 6700 songs from a USB stick or other mobile device.

**SKY SLIDER®.** With one simple touch of a button, your world opens up. The available Sky Slider full-length, fully retractable roof puts you and your passengers in touch with the fresh air outdoors. It opens front to back, exposing both rows of seating, and back to front, revealing only the second row, or any position in between.

Jeep Liberty Limited leather-trimmed interior shown in Dark Slate Grey/Dark Saddle.

**Jeep® Liberty.** Its exceptionally comfortable and flexible interior helps place Liberty at the top of its class. The luxurious leather-trimmed interior, standard on Liberty Limited, includes leather-wrapped trim on the console armrest, door trim armrest, passenger assist handle, steering wheel, shift knob, and parking brake boot. A standard fold-flat front-passenger seat creates a handy table-like surface. With the 60/40 split-folding rear seats in the “down” position, cargo space expands to a generous 1767L (62.4 cu ft).

**JEEP LIBERTY SPORT 4x4.** Liberty's standard 210 hp 3.7L V6 engine is enhanced with Electronic Throttle Control (ETC) and the standard Trail Rated® Command-Trac II™ part-time 4WD system. With standard speed control; ABS; Electronic Stability Control (ESC);<sup>(2)</sup> power windows, locks as well as mirrors; 16-inch aluminum wheels; independent front suspension; and five-link rear suspension, Sport delivers a pleasing blend of rugged performance and creature comforts.

**JEEP LIBERTY NORTH EDITION 4x4.** Start with Liberty Sport, add outlined white letter all-season tires, deep-tint sunscreen glass, fog lamps, security alarm, leather-wrapped steering wheel with integrated audio and cruise controls, cargo compartment cover and compass and temperature gauges, then top it all off with roof-rack side rails and the official North Edition badge, and you've got a fun ride to take you in whichever direction you choose.

**JEEP LIBERTY RENEGADE 4x4.** Complement your worldly and wild nature. Renegade combines craftsmanship and style with an exclusive hood decal, blackout headlamp lenses, accent-colour fender flares and fascia, and rugged side roof rails. A Selec-Trac™ II full-time active 4WD system provides capability, and a standard leather-wrapped steering wheel with driftwood spokes and touchpoints throughout provide a premium interior. Available rearview auto-dimming mirror with microphone, and Uconnect™ Phone with Voice Command<sup>(3)</sup> allow safe communication with minimal driver distraction.

**JEEP LIBERTY LIMITED EDITION 4x4.** This luxury model encompasses what an upscale and capable 4x4 vehicle should. With its standard leather-trimmed seats and steering wheel, heated front seats, power 6-way driver's seat, and power passenger seat, you're in for a smooth ride on bumpy roads. The 17-inch aluminum wheels, bright grille and bodyside moulding, remote start, nine speakers with subwoofer, SIRIUS® Satellite Radio,<sup>(4)</sup> and memory package for the driver's seat, radio and mirrors makes taking to the rocks feel like easy street.
