

10 CHRYSLER SEBRING SEDAN

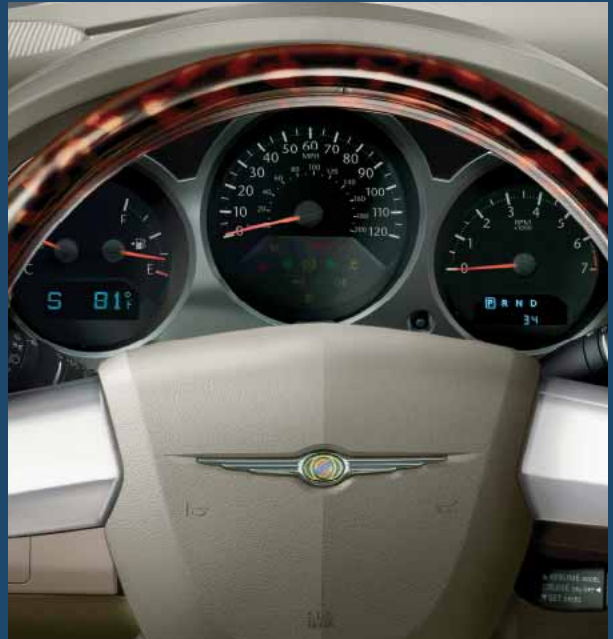

LIMITED

Sebring Limited distinguishes itself with refined style and craftsmanship, exquisite performance and exceptional value that offers more for less. Limited encompasses a blend of elegance and sophistication with its sleek lines and contemporary design. Its refined exterior is matched with the fuel-efficient 235-horsepower 3.5-litre High Output V6 engine that amplifies its thoroughbred spirit, and is complemented by 18-inch chrome-clad aluminum wheels and dual chrome exhaust tips. Mated to a smooth shifting six-speed Auto/Stick™ transmission, this fuel-efficient V6 delivers 7.4 litres per 100 km (38 mpg) on the highway.⁽¹⁾ Protection, in the form of six standard air bags,⁽²⁾ front seat Active Head Restraints and a four-wheel disc Anti-lock Brake System (ABS), is paired with a fully independent and isolated front and multilink rear suspension engineered to minimize every road and vibration. The stunning result is a sedan that stands apart with unrivalled confidence, refinement, and with value that leaves others behind.

⁽¹⁾2010 EnerGuide Fuel Consumption Ratings: 12.9L/100 km (22 mpg) City; **7.4L/100 km (38 mpg) Highway**. Transport Canada test methods used. Actual fuel consumption may vary. ⁽²⁾Always use seat belts. Children 12 and under should always be in a back seat correctly using an infant or child restraint system, or the seat belt properly positioned, dependent on the child's age and weight.

Refined in manner and big in appeal, Sebring Limited provides premium style. Chrysler's designers turned to sumptuous leather-faced seating for five, with Tortoise Shell, Satin Silver and chrome accents across the board. The resulting ambience is complemented by must-have standard amenities like a heated eight-way power driver's seat and steering wheel-mounted audio controls. The available Electronics Convenience Group smartly displays data such as individual tire pressures and fuel economy readouts at the touch of a button and the available Automatic Temperature Control, Homelink® Universal Transceiver,⁽¹⁾ Remote Start System and **Uconnect Phone** hands-free calling system with Voice Command⁽²⁾ all reinforce the feeling of sophistication that characterizes Sebring Limited.

⁽¹⁾Not compatible with all garage door openers. See your retailer for details. ⁽²⁾Must use Bluetooth™ compatible phone.

TOURING

Leave it to Chrysler to elevate “standard” above the basics and create an eminently attainable sedan. Sebring Touring is equipped with a four-wheel disc Anti-lock Brake System (ABS) that helps keep the drive controlled. Standard 17-inch aluminum wheels, chrome interior touches and Satin Silver cabin accents keep it stylish. And Sebring Touring’s powerful standard 2.7-litre 186-horsepower V6, with a 7.2L/100 km (39 mpg) highway fuel consumption rating,⁽¹⁾ helps keep you cruising efficiently. In the spirit of fuel-sipping conservation, Chrysler engineers also designed the 2.7-litre engine with Flex Fuel capability that enables it to employ E85 (Ethanol), a cleaner-burning alternative fuel. In addition to surrounding you with world-class engineering, Sebring Touring surrounds you with a quiet and comfortable interior, replete with innovations like available heated cloth front seats,⁽²⁾ available Uconnect Navigation and Homelink® Universal Transceiver.⁽³⁾ Sculpted door panels, detailed quad-halogen headlamps, and its distinctive bright grille detail, create an unforgettable athletic appearance and showcase Touring’s stunning design and superb engineering in beautiful tandem.

⁽¹⁾2010 EnerGuide Fuel Consumption Ratings: 10.8L/100 km (26 mpg) City; **7.2L/100 km (39 mpg) Highway**. Transport Canada test methods used. Actual fuel consumption may vary. ⁽²⁾Included in Electronics Convenience Group. ⁽³⁾Not compatible with all garage door openers. See your retailer for details.

A cleverly designed interior that helps ensure comfort and flexibility is supplemented by Touring's fold-flat front passenger seatback, a 60/40-split folding rear seatback, and a rear seat folding centre armrest. Gleaming with sophistication, the standard steering wheel audio controls and the available mini trip computer with readouts for compass, ambient temperature, average consumption and distance-to-empty, embody a convergence of craftsmanship and technology. An available Automatic Temperature Control system can keep the cabin regulated while driver comfort increases with a standard eight-way power seat and available heating for both front seats, making Sebring Touring as comfortable as it is practical.

LX

On the rarest occasion, superb style and superior craftsmanship can be surprisingly affordable. This uncommon coupling and superb value is found in Sebring LX. The sculpted sheet metal of Sebring LX rides on a fully isolated four-wheel independent suspension, meaning every drive is tightly controlled with reduced noise and vibration. The 173-horsepower 2.4-litre World Engine, with its dual Variable Value Timing (VVT) and 6.6L/100 km (43 mpg) highway fuel consumption rating,⁽¹⁾ is a spirited modern marvel of efficiency, and is complemented by available 17" aluminum wheels. Inside, find sanctuary with luxuries like standard remote keyless/illuminated entry, power windows and locks, power heated mirrors, air conditioning, electronic speed control as well as the Media Centre 130 CD/MP3 radio with an auxiliary audio input jack. To enhance the pleasure of every trip, LX offers available **Uconnect Phone** for an in-vehicle hands-free, communication experience with Voice Command, as well as available SIRIUS® Satellite Radio. Because safety is of the utmost importance, the new front seat Active Head Restraints, four-wheel disc anti-lock brakes (ABS), advanced multistage front, side-curtain and front seat mounted air bags⁽²⁾ are all standard with the option of an available security alarm. Thanks to the imaginative and focused minds behind the Sebring, style is yours for the taking.

⁽¹⁾2010 EnerGuide Fuel Consumption Ratings: 9.7L/100 km (29 mpg) City; **6.6L/100 km (43 mpg) Highway**. Transport Canada test methods used. Actual fuel consumption may vary. ⁽²⁾Always use seat belts. Children 12 and under should always be in a back seat using an infant or child restraint system, or the seat belt properly positioned, dependent on the child's age and weight.

Inside and out Sebring is engineered beautifully. The LED instrument cluster displays an abundance of information that ranges from the engine temperature and Tire Pressure Monitoring to the outside temperature. The analogue clock balances details with its crisp design. The 60/40-split folding back seat offers passengers cup holders within the fold-down armrest. Stain Repel⁽¹⁾ stain resistant, anti-static seat fabric employs dual-action technology to help resist stains by beading spills for easy cleaning. Unlike less accommodating sedans, Sebring LX provides extra driver comfort through standard equipment such as a tilt/telescoping steering wheel, manually adjustable seat height and lumbar support, floor console with a fore/aft sliding armrest, and available auto-dimming rear-view mirror.

⁽¹⁾Not compatible with aftermarket fabric protecting coatings.
