

2011
SEDONA

Designed for the go-go-go family.

The 2011 Kia Sedona is the do-it-all minivan for families on the go. With spacious seating for seven and loads of cargo room, a full array of advanced safety features and more standard horsepower than ever before, Sedona has what it takes to keep up with your busy life.

Fresh new front-end styling and a thoughtfully designed interior provide Sedona with an aura of elegance that belies its highly practical, family-friendly nature. Features like privacy glass, Bluetooth® hands-free cell phone connectivity¹ and adjustable front and second-row armrests are standard on every model and they're complemented with luxuries like available heated front seats and automatic temperature control for year-round comfort.

When you're ready to go Sedona is ready to take you – in comfort, style and safety.

Load it up.

An available power tailgate makes it even easier to move your gear in and out of Sedona's massive cargo area. With the second-row seats removed and the third-row bench stowed in the floor, you have up to 4,007 litres (141.5 cu. ft.) of space for big, big cargo loads.

Power to please.

All Sedona models come with a standard remote keyless entry system and standard power front and second-row windows for convenience and comfort. Dual power sliding rear doors are just one of many pleasing, upscale standard features on EX Power and EX Luxury models.

First-class comfort.

Sedona offers one of the most spacious interiors in its class, with plenty of headroom and leg room for everyone – no matter where they sit. Everyone travels first-class in Sedona.

Effortless performance.

The 2011 Sedona is equipped with a 3.5-litre V6 engine – offering best-in-class standard power and fuel efficiency² – and a standard 6-speed Steptronic automatic transmission for smooth, confident performance. Sedona's handling is equally impressive, thanks to standard four-wheel independent suspension and responsive power rack-and-pinion steering.

¹ Bluetooth® enabled cell phone required. ² Sedona's V6 engine is best-in-class for power and fuel efficiency (combined) based on standard equipped engines in its segment. Claims based on the latest competitive information for the Association of International Automobile Manufacturers of Canada (AIAMC) minivan segment available at the time of printing.

Spend some **quality** time inside.

Quality and comfort make the 2011 Kia Sedona such a great place to spend some time. Tight fitting, well finished trim and standard comforts like air conditioning and a pollen-trapping air filtration system make Sedona feel just like home no matter where your travels take you. A standard six-speaker audio system and available rear-seat DVD entertainment system add to the all-around enjoyment.

Practical luxury. Sedona EX Luxury models come with standard leather seats for pleasing comfort and easy clean-ups – always an important consideration with young spill-happy kids on board. Heated front seats¹ and a standard folding and extendable front-row side table underscore the practical luxury of Sedona.

Heavenly sounds. The crystal-clear, digital-quality sound of SIRIUS[®] satellite radio² is standard on Sedona EX Luxury models⁴. It comes with a three-month trial subscription to the network's 120 channels, including commercial-free music and extensive sports, news, talk and entertainment programming.

Driver focused. To help you keep your eyes on the road and your hands safely on the wheel, Sedona comes with standard hands-free Bluetooth[®] connectivity³ and steering wheel-mounted cruise control switches. These are complemented with steering-wheel audio controls on EX, EX Power and EX Luxury models.

¹ Standard on LX Convenience, EX, EX Power and EX Luxury models.

² Available in the 10 provinces and three territories of Canada and the 48 contiguous United States. Monthly subscription sold separately after three trial months.

³ Bluetooth[®] enabled cell phone required.

⁴ Satellite radio is not an available feature with the navigation system.

Guiding your way. Get door-to-door directions, including points of interest along the way, wherever you travel in North America with the optional in-dash navigation system on Sedona EX Luxury models.⁴

Sun and sky. The Sedona EX Luxury is equipped with a standard power tilt and sliding sunroof that bathes the cabin in natural light. With the push of a button, it slides open to let you enjoy driving in the open air.

Sedona is **safety**.

Smart and safe. Sedona's standard four-wheel-disc anti-lock braking system is the key to quick, reliable and well controlled braking – the kind that helps you avoid crash situations altogether. It also plays an important role in other safety features, including Sedona's standard brake assist system (BAS), electronic stability control (ESC) and traction control system (TCS).

For your protection. Sedona's advanced front-impact airbags, front seat-mounted side-impact airbags and full-length side curtain airbags work individually or in combination to help protect you and your passengers in certain frontal- and side-impact collisions.

When it comes to protecting your family, Sedona makes it simple: every occupant protection system and active safety feature is standard, no matter which Sedona model you choose. There are no compromises here.

That means you get the peace-of-mind that comes with driving a vehicle with six protective airbags, anti-whiplash active front headrests, electronic stability control (ESC) and a long history of top-rated performance in U.S. government and insurance industry crash tests.⁵ Now that's safe.

Looking out behind. Sedona is available with a back-up warning system that uses sensors on the rear bumper to warn you of objects in your path when backing up. The EX models include a standard rearview camera system for added confidence.

Crash Test Rating⁵
NHTSA - Frontal and side impacts

⁵ The 2002-2010 Sedona models earned top five-star ratings in frontal- and side-impact crash tests conducted by the U.S. government's National Highway Traffic Safety Administration (NHTSA). The U.S. Insurance Institute for Highway Safety (IIHS) awarded a coveted Top Safety Pick to ESC-equipped Sedona for 2007, 2008 and 2009 model years. NHTSA and IIHS test results for the 2010 and 2011 Sedona were not available at time of publication.

Reward Yourself.

Kia Member Rewards is an exclusive rewards program for Kia Customers. As a Kia Rewards Member, you'll earn points with every dollar you spend on maintenance service, parts and accessories at your servicing Kia

dealer. Those Reward Points can be redeemed for discounts on future purchases – including the purchase of a new Kia. Plus earn Bonus Points on select items and services to collect rewards even faster.

Kia Member Rewards No-Charge Benefits include:

- Fuel fill-up with the delivery of your new Kia vehicle
- Local shuttle service
- Multi-point vehicle inspection with every service visit
- Windshield washer fill-up with every paid service
- Windshield wiper installation with wiper purchase
- Preferential rates on car rentals, nationwide
- 24/7 Roadside Assistance for your vehicle under Kia's 5-year/100,000-km warranty or Certified Pre-Owned warranty
- Email notification of exclusive Kia specials and events – a great way to earn Reward Points and save on future purchases

Become a Kia Premium Rewards Member: Ask your Kia Dealer how you can enjoy even more benefits.

Enroll Today. Becoming a Kia Rewards Member is easy. See your Kia Dealer today to join. Visit rewards.kia.ca for full terms and conditions.

Drive change.

It's about making things better. It's about thinking big, no matter how small you start. It's what took us from our first bicycle in 1952 to the vehicles we make today. It's what Kia Motors Corporation has always been about.

Kia builds quality vehicles for the young-at-heart, led by world-class design and adherence to the highest standards of corporate responsibility. Together, these commitments drive our ongoing development of state-of-the-art, eco-friendly cars to meet the global demand for compact, fuel-efficient vehicles. They also guide our community relations efforts around the world, including a unique, made-in-Canada program promoting multi-cultural understanding through Kia's active support of sports, environmental issues, health initiatives and education projects across Canada.
